INTERNATIONAL STUDENTS

10. ARE INTERNATIONAL STUDENTS ALLOWED TO DO INTERNSHIPS?

Yes. However, this depends whether the International Student is holding onto a Dependant's Pass (DP) or Student Pass (STP). Find out more below.

For Dependant's Pass (DP) Holders

International Students who are Dependant's Pass (DP) holders are required to present a Letter of Consent (LOC) from the Ministry of Manpower (MOM) before the commencement of their internship. They can apply by informing the school in advance who will then apply on behalf of the student. Alternatively, they may apply for a Student Pass (STP).

For Student Pass (STP) Holders

International Students who are Student Pass (STP) holders can proceed with their internship under NP as stipulated in the rules by the Immigrations and Checkpoints Authority of Singapore (ICA). International Students who wish to apply may email the school at stp_entryrequest@np.edu.sg.

Find out more about via the MOM website [here](#) and the ICA website [here](#).

OJT LITE BLUEPRINT

11. WHAT IS OJT LITE?

On-the-Job Lite, or OJT Lite, is a new initiative by NP to be rolled out from the **April 2023 Internship Semester onwards** for selected Diplomas. Its objective is to enhance the student internship experience via Workplace Learning and On-the-Job Training, where they have collectively emerged as a powerful learning model for our students, and for our Industry Partners to explore.

OJT Lite will eventually be rolled out to **ALL** Diplomas, NP Academic Schools, and Industry Partners in stages within the next few years.

12. HOW TO GET STARTED WITH THE OJT LITE BLUEPRINT?

In our Placement Request Form, specifically **Section C: Internships Placement Details**, fill in the following columns for each Internship Placement that you will be submitting:

- **Main Task 1**
- **Task Elements for Main Task 1**
- **Main Task 2**
- **Task Elements for Main Task 2**

These details will then be input into the OJT Lite Blueprint which will be attached together with the Confirmation Letter email if applicable.

For more on OJT Lite Blueprint, you may refer to this [link](#) created by the National Centre of Excellence for Workplace Learning (NACE).

13. HOW WILL I KNOW IF MY COMPANY IS PARTICIPATING IN OJT LITE?

We are currently in the midst of rolling out OJT Lite for selected Diplomas on a trial basis. As part of the trial, the OJT columns in the Placement Request Form are to be filled up by our Industry Partners, so that both our Industry Partners and NP Academic Schools will be familiar with the new initiative.

If you have received a Confirmation Letter as well as the OJT Lite Blueprint containing the OJT details that you have input earlier, this means that your company is involved in OJT Lite.

As part of the main aim for this OJT Lite initiative, we would highly encourage you to include good and meaningful tasks for our students to take away a valuable learning experience during their Internship Programme.
