

NGEE ANN POLY

# Graduation

2025

# ***HALLMARKS OF AN NP STUDENT***

## ***PASSIONATE LEARNER***

### **LEARNING FOR LIFE**

Our students are self-directed, exploring learning beyond the classroom. They are enterprising and innovative, pursuing interests and initiating projects.

## ***BIG – HEARTED PERSON***

### **SERVING BEYOND SELF**

Our students have a strong sense of civic responsibility. They contribute generously, making a difference in the community.

## ***GLOBAL SMART PROFESSIONAL***

### **EMBRACING CHANGE**

Our students have relevant skills and knowledge, and are exposed to cross-cultural and intergenerational environments. They are agile and adaptable, embracing change.

# Graduation

2025

# About

## **Ngee Ann Polytechnic**

Set up in 1963 by the Ngee Ann Kongsi as Ngee Ann College with only 116 students, Ngee Ann Polytechnic (NP) has come a long way from its humble beginnings to establish itself as one of the leading institutions of higher learning in Singapore. Its vision is to prepare graduates with a passion for learning, values for life and competencies to thrive in a global workplace.

Today, the polytechnic offers 36 full-time diplomas and five Common Entry Programmes through the following academic schools:

- School of Business & Accountancy
- School of Design & Environment
- School of Engineering
- School of Film & Media Studies
- School of Health Sciences
- School of Humanities & Interdisciplinary Studies
- School of InfoComm Technology
- School of Life Sciences & Chemical Technology

In the continuing education and training (CET) space, NP offers a wide variety of training programmes and courses for adult learners through its CET Academy (CETA). To date, over 315,000 adult learners have completed either formal diploma programmes or customised short courses with CETA. NP's CET courses aim to help working adults future-proof their careers through reskilling and upskilling, while providing a pipeline of talent for emerging and growth industries. A polytechnic for all ages, NP is committed to drive lifelong learning to help our learners stay relevant in today's global economy.

### **The Ngee Ann Experience**

Against the backdrop of a volatile and globalised world, NP aims to provide an educational experience that focuses on industry relevance, builds global readiness, and offers multiple pathways to cater for diverse learner profiles and aspirations.

Placing industry at the core of students' learning, NP leverages its close links with industry partners to create authentic learning experiences that prepare students for career success. Through its Industry-in-Curriculum framework, one-third of all course curricula is co-developed, co-delivered or co-assessed by industry partners.

A key platform for collaboration with industry partners is NP's Sustainability Education & Ecosystem Development (SEED) initiative, which drives the development of talent for the green economy and sustainability innovation across the institution.

Upholding the belief of doing well by doing good, NP also champions social sustainability by partnering industry for the Service-Learning curriculum and Corporate Purpose Internship programme that it pioneered, as well as consultancy projects led by its Centre for Organisational Resilience and Inclusion.

# About

## **Ngee Ann Polytechnic**

Committed to strengthening students' career agility, NP is the first polytechnic to provide students the opportunity to graduate with a minor on top of a diploma. Known as the Personalised Learning Pathway (PLP) programme, it offers students a wide spectrum of minors and learning units across four different pathways – Professional Skills, Entrepreneurship, Global Readiness and Social Leadership.

More recently, NP launched the Go FLEX (Flexible Learning EXperience) initiative to develop the next generation of highly versatile, deeply skilled, and multi-disciplinary graduates. With eight learning pathways including double majors, specialisations, university pathways, one-year industry immersions, multi-disciplinary capstones and overseas programmes, etc., students get to customise their academic journey for more career and further study options to build their success.

Through all these initiatives, NP aspires for every graduate to be a passionate learner, big-hearted person and global-smart professional that will stand them in good stead in the future economy.

# *From The* **Principal & CEO**

Dear Class of 2025,

Congratulations on graduating from Ngee Ann Polytechnic (NP)!

To the graduands of our full-time diploma courses, you can take pride in how far you have come. You have undertaken an industry-relevant curriculum co-developed, co-delivered or co-assessed with experts. You have built your portfolio and professional networks during your internship. You have even used your course skills to tackle community-based issues through a Service-Learning Project. Through these and more, your time at NP has enriched you with valuable skills and experiences.

Around half of your cohort – the biggest number to date – embraced adjacent skills by taking Learning Units under NP's Personalised Learning Pathway Programme. I am heartened that more than 1,100 of you are graduating with a Diploma + Minor, giving you an extra edge.

Beyond the classroom, many of you ventured overseas, broadening your perspectives, gaining intercultural competence, and contributing to meaningful causes through a variety of overseas programmes. Participating in co-curricular activities also gave you the opportunity to hone your leadership and build friendships. I hope these experiences have made your NP journey truly unforgettable.

Whether you choose to pursue a career or further studies after graduation, one thing is for sure in this age of technological disruption – we will need to keep learning and adapting. NP has given you a strong foundation to help you thrive, and our doors remain open to you through our CET Academy (CETA) for you to deepen or diversify your professional skills. Stay curious and open to lifelong learning – it will be your greatest asset in an ever-changing world.

To our CETA graduands, I commend your efforts for successfully completing your part-time course amid your many commitments. I am confident that the competencies you have acquired will be your stepping stone as you seize new career opportunities for growth.

Wherever life's journey leads you, know that you will always be part of the NP family. Carry the NP spirit with you and continue making a positive impact in your community and beyond.

I wish you all the best and look forward to seeing how you will shape the future!

Warmest wishes,

**Mr Lim Kok Kiang**  
Principal & CEO  
Ngee Ann Polytechnic

# ***Ngee Ann Kongsı Gold Medal and Lien Ying Chow Gold Medal***

## **Teoh Yi Wen**

Diploma in Business Studies  
School of Business & Accountancy

### **Other Awards**

Lee Wee Nam Gold Medal & Prize  
Diploma with Merit  
Dickson Group Prize

## **A Champion for Entrepreneurship**

From selling handmade crafts on Instagram in primary school, taking part in fundraising bazaars in secondary school, to leading entrepreneurial initiatives in polytechnic, Business Studies graduate Teoh Yi Wen has shown her enterprising spirit every step of the way.

Her desire to pursue the entrepreneurial pathway grew stronger after attending the Ngee Ann Polytechnic's (NP) Entrepreneurship First Steps programme when she was in secondary school. The online course offered by NP's Technology, Innovation and Entrepreneurship Office, The Sandbox (TSB), gave Yi Wen a sneak peek into the distinct entrepreneurship culture in the institution. Applying to NP through the Early Admissions Exercise was hence the natural step to take.

Despite earning multiple awards and scholarships, this straight-A student describes her polytechnic journey as "passion-fuelled" rather than grind-driven. She rarely felt overwhelmed while juggling many commitments, thanks to supportive lecturers, advisors, and peers.

"I believe in taking things day by day, and being present in the process," she reflects. Her secret? Making intentional choices, such as joining co-curricular activities that are aligned with her goals.

It was no surprise then when Yi Wen took up the role of President of TSB Advocates, a group that promotes innovation and entrepreneurship through student activities. Under her leadership, the group organised a series of fireside chats, hands-on workshops, and learning journeys to companies like LinkedIn and Mastercard. TSB Advocates clinched the Most Outstanding Club Award in 2023, a testament to the impact of their initiatives.

# ***Ngee Ann Kongsí Gold Medal and Lien Ying Chow Gold Medal***

She also served as Marketing Director for TEDxYouth@NP, a student-initiated event featuring talks by local entrepreneurs and artistes, as well as live performances. Held in January 2024, the event was a success with a turnout of more than 300 students.

Beyond campus, Yi Wen extended her drive to uplift others through “Hey, You Got Mail”, a ground-up initiative that aims to alleviate social isolation among seniors through handwritten notes and care packs. The experience of being its Locale Head deepened her sense of empathy and strengthened her resolve to build more inclusive communities.

The entrepreneur in her mooted the idea of an enviro-tech start-up during her Global Entrepreneurial Internship Programme experience at Holicay, a Vietnam-based travel company. “As people in developing countries become more affluent, waste generation becomes a greater challenge. I believe there are opportunities to better harness technology for more efficient ways of collecting and recycling waste,” she explains.

When asked what advice she would offer students with an entrepreneurial bent, Yi Wen shares, “Be part of a community. At NP, there is a very established entrepreneurial ecosystem that you can tap for resources and support. And don’t hesitate to ask for help.”

While being an entrepreneur is still on the cards, Yi Wen’s immediate plan is to further her studies. She is grateful to have received two university offers thus far, including a scholarship, and hopes to pursue a degree in Business Artificial Intelligence Systems.

The **Ngee Ann Kongsí Gold Medal** is awarded each year to the most outstanding graduate from Ngee Ann Polytechnic. The recipient is selected from the top graduates of the various Academic Schools. The medal, first presented in 1980, is funded by Ngee Ann Kongsí, a foundation that is actively involved in educational, cultural and welfare activities in Singapore.

The **Lien Ying Chow Gold Medal** is awarded to the most outstanding graduate from a nontechnology course in Ngee Ann Polytechnic. First awarded in 1998, it is funded through the generous contribution of the late Dr Lien Ying Chow, Chairman of the Lien Foundation. Dr Lien was the Chairman of the Board of Governors of the then Ngee Ann College from 1962 to 1965.

# ***Lee Kuan Yew Award and Ngee Ann Polytechnic Outstanding Achievement Award***

## **Jerome Ching Yue Heng**

Diploma in Biomedical Science  
School of Life Sciences & Chemical Technology

### **Other Awards**

Luft Env Technologies Gold Medal & Prize  
Diploma with Merit  
Minor in Global Readiness  
BioMedix Prize

## **Impacting Lives through Public Policy**

“To know even one life has breathed easier because you have lived – this is to have succeeded.” The words of Ralph Waldo Emerson embody the mantra that Biomedical Science (BMS) graduate Jerome Ching lives by.

Success and fulfilment have never been just about achieving academic excellence or personal accolades. Whether mentoring peers or volunteering in his local constituency, Jerome is driven by a deep conviction to make a difference in the lives of others, a value his parents instilled in him from a young age.

“When I get to know people from different walks of life, hearing their stories and understanding their needs give me the opportunity to step into their world,” he shares. “I believe this human connection can spark something positive.”

In secondary school, grateful that they had caring teachers and supportive peers who helped them ace Chemistry, Jerome and his friend started an initiative to curate study materials to support their juniors. They created a website and used a Telegram bot to make it easy for students to access the learning resources. Called The Helpful Alchemist, the project reflected Jerome’s desire to offer others a hand when they are in need.

“Real success is helping others write their own success stories,” he says emphatically.

This same heart for uplifting others shines through in his grassroots work. Volunteering as a case writer at Meet-The-People sessions at Boon Lay and with the Boon Lay Food Care Programme – which supports over 200 low-income households – Jerome was exposed to the different needs of low-income families.

# **Lee Kuan Yew Award and Ngee Ann Polytechnic Outstanding Achievement Award**

“One encounter that left a lasting impression was when I met an elderly resident who was really worried about his medical bills. Thankfully, there are healthcare subsidies that he could tap,” he recounts, adding that these experiences opened his eyes to the issue of healthcare accessibility.

Jerome is thankful to his lecturers for the rigorous BMS curriculum that has expanded his biomedical sciences knowledge. Other opportunities like Ngee Ann Polytechnic’s (NP) signature talent development programme, The Christieara Programme, and the prestigious Overseas Merit Fellowship ignited his interest in current affairs and global issues.

“NP has shaped my academic and personal growth,” he reflects. “This is where I found my calling.”

Inspired by how Singapore navigated the Covid-19 pandemic and aspiring to prepare the country for future health challenges, Jerome is clear on his ambition: To join the public service as a healthcare policy officer.

“I hope to play a part in the shaping of strategies to address the needs of Singapore’s ageing population, strengthen epidemic preparedness, and advance biomedical innovation,” he says, revealing once again his heart for people.

Jerome has received several offers from local and overseas universities, and he intends to pursue a degree in biomedical sciences in the United Kingdom

The **Lee Kuan Yew Award** was first presented in 1992. It is awarded to the most outstanding graduate from a technology course in Ngee Ann Polytechnic. The award is funded by the late Mr Lee Kuan Yew, Singapore’s first Prime Minister. Mr Lee had donated the honorarium that he had received from various overseas speaking engagements and from the funds raised from a special edition of his memoirs.

The **Ngee Ann Polytechnic Outstanding Achievement Award** is a premier award for all-round excellence. It is presented to a select group of five to 10 top graduates from each graduating batch. The award was presented for the first time in 2010.

# ***Lee Kuan Yew Award and Ngee Ann Polytechnic Outstanding Achievement Award***

## **Arash Nur Iman Bin Mohd Ali Shaifuddin**

Diploma in Information Technology  
School of InfoComm Technology

### **Other Awards**

IMDA Gold Medal & Prize  
Diploma with Merit  
AWS Prize

## **Empowering Lives with Technology**

For Information Technology (IT) graduate Arash Nur Iman, technology is an old friend who continually brings new perspectives. He fondly recounts tinkering with his father's Windows Vista laptop as a child. "I was intrigued by how the technology worked, and explored the menus in depth," he shares, adding with a playful chuckle, "It was bad for my dad though, because he didn't know how to revert the settings I changed."

Arash followed his early curiosities, first by joining his primary school's Information and Communications Technology (ICT) club, then by exploring ICT-related classes at the School of Science and Technology. Upon graduating from secondary school, he felt ready to go all in on this niche.

"Polytechnic was the natural choice for me, because I really like learning by doing," Arash recalls, adding that he chose NP's IT course to expand on his long-standing interest in programming. He achieved excellent grades, maintaining a perfect Grade Point Average score across six semesters and placing on the Director's List for four consecutive semesters.

Through a hackathon with Open Government Products – an experimental development team building technology that benefits the public – as part of his Year 2 curriculum, Arash was inspired to think about harnessing technology for the greater good. The experience pushed him beyond technical aspects like coding to consider how technological solutions can reach a wider audience.

# **Lee Kuan Yew Award and Ngee Ann Polytechnic Outstanding Achievement Award**

Arash's passion in connecting people with technology motivated him to take up leadership roles in three IT Special Interest Groups. He served as President of the programming club Overflow, Technology Lead of NullSec, and Chair of Technology for ORION, all of which run events related to cybersecurity and IT skills. Across these roles, Arash organised hackathons and workshops that brought technology to youths.

He names ORION X Decrypted – a flagship event in 2023 that introduced secondary school students unfamiliar with technology to basic ICT skills, data science concepts, and cybersecurity – as being particularly memorable. For him, the most fulfilling part of the experience was witnessing the participants express interest in further exploring ICT.

“I saw how the events we offered helped participants gain confidence in using technology,” Arash says.

Arash credits NP's critical core modules for weaving a people-oriented perspective into his approach to technology. Although exploring ethical questions – who the technology benefits, and whether it should be used in certain ways – is daunting for him, he is determined to push through. “The humanities feel very distant from my comfort zone of technology,” he confesses, “but I want to explore how they intersect. Technology cannot exist in a vacuum.”

To apply his skills in different environments, Arash recently completed a data analytics internship with the National Metrology Centre under A\*STAR. He plans to pursue further studies in Computer Science abroad.

The **Lee Kuan Yew Award** was first presented in 1992. It is awarded to the most outstanding graduate from a technology course in Ngee Ann Polytechnic. The award is funded by the late Mr Lee Kuan Yew, Singapore's first Prime Minister. Mr Lee had donated the honorarium that he had received from various overseas speaking engagements and from the funds raised from a special edition of his memoirs.

The **Ngee Ann Polytechnic Outstanding Achievement Award** is a premier award for all-round excellence. It is presented to a select group of five to 10 top graduates from each graduating batch. The award was presented for the first time in 2010.

## **Vania Lum Hui'En**

Diploma in Nursing  
School of Health Sciences

### **Other Awards**

SingHealth Gold Medal & Prize  
Diploma with Merit  
Minor in Applied Psychology  
Minor in Global Readiness  
National University Hospital Prize

## **Bringing Holistic Healthcare to the Fore**

“Hospitals fascinate me,” Vania Lum shares with awe, reflecting on how she let her curiosity guide her to studying Nursing (NSG) at Ngee Ann Polytechnic (NP). “From doctors to nurses and the support staff, everyone is busy with their own duties – yet everything runs like clockwork even without much communication between them.”

Through clinical practice opportunities offered by the NSG course and organising a host of community outreach activities as Vice President of the Health Sciences Society, Vania gained deeper insight into the complexities of the healthcare system. It also dawned on her that nurses play a pivotal role within it.

“As human beings, we’re very focused on solving problems head-on, saying ‘Here’s the issue, let’s fix it.’ But sometimes, it’s not that straightforward,” Vania observes perceptively. “There are many processes involving connecting the dots between different pieces of information. By understanding deeper concerns from patients, nurses act as a bridge, linking patients to the right personnel to address gaps in their care.”

Specifically, Vania relates how patients’ hesitance towards prolonging their hospital stay might stem from reasons beyond health concerns. She recalls talking a patient through his financial worries, and helping him seek further support to transfer to a different hospital covered by his insurance provider.

# **Lee Kuan Yew Award and Ngee Ann Polytechnic Outstanding Achievement Award**

To broaden her horizons, Vania also sought out cross-cultural learning through the various opportunities that NP offered. “The Overseas Merit Fellowship to Brisbane, Australia was an eye-opener for me. Being immersed in a new environment gave me new perspectives on how healthcare challenges can vary from country to country,” she shares. “For bigger countries, the geographical distances that patients must traverse means that accessibility to medical facilities is a huge issue to tackle.”

Another significant learning moment came on a Youth Expedition Programme trip to Davao, Philippines. Under her teacher’s guidance, she looked beyond a medical lens to probe the socio-economic root causes of health issues. Through this exercise, Vania realised that education is key to breaking the cycle of poverty perpetuated by teenage pregnancies in the community.

“We need to truly understand whether the intervention is creating lasting change,” Vania emphasises. Instead of looking for solutions that tackle the immediate issue, she advocates taking an integrated, long-term approach towards healthcare provision. “This approach is definitely more arduous, but the outcomes address the root cause more effectively.”

This critical, expansive view of healthcare is something that Vania intends to bring to her further studies in Nursing at the National University of Singapore. Her goal? “I’d like to help build a healthcare system that meets real needs in a more holistic way.”

The **Lee Kuan Yew Award** was first presented in 1992. It is awarded to the most outstanding graduate from a technology course in Ngee Ann Polytechnic. The award is funded by the late Mr Lee Kuan Yew, Singapore’s first Prime Minister. Mr Lee had donated the honorarium that he had received from various overseas speaking engagements and from the funds raised from a special edition of his memoirs.

# ***Lee Kuan Yew Award and Ngee Ann Polytechnic Outstanding Achievement Award***

## **Tan Swee En**

Diploma in Pharmaceutical Science  
School of Life Sciences & Chemical Technology

### **Other Awards**

Luft Env Technologies Gold Medal & Prize

Diploma with Merit

Minor in Data Analytics and AI

## **A Heart for Patient Care**

Two months into junior college as a humanities student, Swee En started having second thoughts. Then came the day when she was lying on the dental chair for her tooth work. The sight of her dentist in scrubs brought to mind her childhood dream of becoming a doctor.

With her mind made up, Swee En enrolled in Ngee Ann Polytechnic (NP), choosing the Pharmaceutical Science (PHARM) course to learn about medical drugs. With her keen interest, she excelled academically. Apart from receiving the NP Scholarship, her all-round excellence also earned her the Dr. Ong Chit Chung Education Award.

Looking back at her NP journey, she readily acknowledges her lecturers' support in opening doors for her to learn beyond the classroom. She cites her stint as a student assistant at the Singapore General Hospital (SGH) as an example.

"I was involved in the SGH's Green Medicine Eduverse project where I helped to ideate and produce a docuseries to promote sustainable pharmaceutical practices among healthcare professionals," she elaborates. "The experience exposed me to the field of sustainable medicine and broadened my perspectives about healthcare and medicine."

The project was presented at the 30th Congress of the Federation of Asian Pharmaceutical Associations Conference in 2024, and will be shared at the 19th Annual International Technology, Education and Development Conference (INTED 2025) in Spain.

# **Lee Kuan Yew Award and Ngee Ann Polytechnic Outstanding Achievement Award**

Another meaningful learning opportunity was her internship at the Singapore National Eye Centre, where Swee En thought she would hone her skills as a pharmacist. In hindsight, she realised she took away much more from the experience.

“Because the patients are managing ongoing health issues, they can sometimes get frustrated,” she recounts. “I learned not to take their feelings personally, and to focus instead on assuring them that I care for them, and their concerns are being heard.”

While volunteering for HealthStart, Youth Corps Singapore’s health coaching programme for elderly persons with chronic illnesses, she discovered again the importance of connecting with patients on a deeper level.

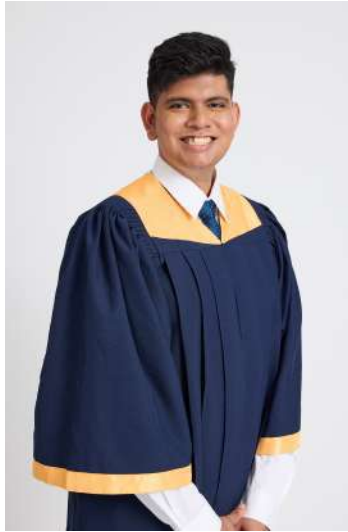

“No patient enjoys medical treatment. But when they know that you empathise with the challenges they face and genuinely want to be there for them, they appreciate it,” says Swee En, who feels deeply for her patients and aspires to be a palliative care doctor.

“Being an end-of-life doctor entails more than prescribing treatment plans to make sure the patient is not in pain,” Swee En notes with clarity and conviction. “It’s also about giving reassurance to those who live on after their loved ones pass away. It’s much more social than medical, and I hope to make a difference to them.”

The **Lee Kuan Yew Award** was first presented in 1992. It is awarded to the most outstanding graduate from a technology course in Ngee Ann Polytechnic. The award is funded by the late Mr Lee Kuan Yew, Singapore’s first Prime Minister. Mr Lee had donated the honorarium that he had received from various overseas speaking engagements and from the funds raised from a special edition of his memoirs.

The **Ngee Ann Polytechnic Outstanding Achievement Award** is a premier award for all-round excellence. It is presented to a select group of five to 10 top graduates from each graduating batch. The award was presented for the first time in 2010.

# Tay Eng Soon Gold Medal

## Nikhkil Rai

Diploma in Design  
School of Design & Environment

### Other Awards

Keppel Land Gold Medal & Prize  
Diploma with Merit  
DCA Architects Prize  
Keppel Land Prize

## Becoming an Architect of Connections

Growing up, Nikhkil Rai's dream was to follow in the footsteps of his uncle to pursue a career as an aircraft pilot in the RSAF. But being diagnosed with Brugada syndrome, a rare genetic heart condition, when he was 17 years old changed everything.

Unable to engage in intense physical activity, the future Nikhkil envisioned went up in smoke. "Despite the diagnosis, I felt determined to live my life to the fullest," he asserts.

As he was pursuing a NITEC in Architectural Technology at ITE College Central at that time, he turned to his interest in architecture instead. "Architecture became my creative outlet. It was a world to be explored and I lapped it up," he shares.

Emerging second place in a design challenge during his ITE days further boosted Nikhkil's confidence to enroll in Ngee Ann Polytechnic's (NP) Diploma in Design course, which offers a specialisation in architecture.

The aspiring architect relates a key insight that he developed through volunteering at grassroots activities at the Geylang West Community Club, where his grandfather is a committed volunteer.

"Some elderly would avoid areas accessible only by stairs. Some of my grandfather's friends also shared that noisy and crowded public spaces caused stress," he says.

These observations have helped him to connect the dots. "Architecture is not just about buildings and structures," Nikhkil remarks, "Good architectural design is centred on human needs and experiences. It can connect people by bringing them together, instilling in them a rootedness to the community."

# ***Tay Eng Soon Gold Medal***

Guided by this philosophy, Nikhkil's final-year project revolved around placemaking and supporting public well-being. Titled Catalyst, the project reimagined how community spaces in a library could be used by different user groups to spark conversations and connections.

Looking back, the self-declared introvert admits that he stepped out of his comfort zone at the encouragement of his lecturer. He rose to the challenge by joining the School of Design & Environment's student outreach team, DElegates, and was elected as its President the following year. Keen to serve the NP student community, he even joined the NP Student Council in the same year.

"I realised that leadership is about the willingness to connect with others and to serve them. I enjoyed being a part of DElegates and the Student Council, where I could use my skills to make a difference," Nikhkil reflects.

He also credits NP for the opportunities to take part in overseas competitions and conferences – including the Introducing and Demonstrating Earthquake Engineering Research in Schools (IDEERS) in Taiwan and World Tsunami Awareness Day 2024 in Japan – which broadened his perspectives and enlarged his personal network.

Although he has been offered a full-time role as a graphic designer for TEDx Singapore, Nikhkil remains steadfast in his love for architecture. He is looking forward to pursuing a degree in architecture before a career as a Building Information Modelling (BIM) Modeller.

The **Tay Eng Soon Gold Medal** is awarded each year to the most outstanding Ngee Ann Polytechnic graduate who is formerly from an Institute of Technical Education. First awarded in 1994, the medal is funded by the Tay Eng Soon Scholarship Fund, set up in honour and memory of the late Senior Minister of State for Education, Dr Tay Eng Soon.

# ***Ngee Ann Polytechnic Outstanding Achievement Award***

## **Evan Chew**

Diploma in Biomedical Engineering  
School of Engineering

### **Other Awards**

Biomedical Engineering Society (Singapore) Gold Medal & Prize  
Diploma with Merit  
Minor in Data Analytics and AI  
ZOLL Medical Prize

## **Making A MedTech Impact**

“I find it interesting that, despite its complexity, the human body can be diagnosed, monitored and treated by machines,” Evan Chew enthuses on his long-standing fascination with Biomedical Engineering.

Certain of his interest, Evan joined Ngee Ann Polytechnic’s (NP) Biomedical Engineering (BME) course through the Early Admissions Exercise, which allowed him to secure a place before his O-Levels.

Evan’s enthusiasm for the subject and hard work paid off academically, earning him the NP Scholarship and the A\*STAR Science Award. Beyond theoretical knowledge, he sought out hands-on learning experiences to hone his skills.

As a service engineer intern with Dornier MedTech, a global medical device company known for pioneering technologies in urology, he troubleshooted and serviced Extracorporeal Shock Wave Lithotripsy machines across many hospitals in Singapore. This equipment is used to break down kidney or ureteral stones so that they can pass through the body.

“Although the machine was new to me, through persistence and practice, I became more confident in handling it independently,” Evan shares.

# ***Ngee Ann Polytechnic Outstanding Achievement Award***

Keen to explore other roles within the biomedical field, Evan took up the challenge of conducting research during a separate internship with A\*STAR's Infectious Diseases Lab. Although the internship came with a steep learning curve, he forged ahead with resilience, staying open to learning new theories and applying what he had previously learnt to the new area.

Evan names the inaugural Singapore Young Leaders Programme in 2023 and the Overseas Merit Fellowship Programme in 2024 as crucial opportunities that enriched his knowledge on societal concerns like poverty. Participation in these prestigious programmes also introduced him to the importance of designing policies for social and economic sustainability.

The immersive learning experiences – which included a sobering scenario-based game where he had to take the perspective of the breadwinner of a low-income family – inspired a sense of urgency in him to address social inequities in his future work.

In reference to how crucial medical devices are to his grandparents' daily health, Evan says, "In Singapore, many of us are privileged to own medical devices that aid us in monitoring our health. But people in other countries don't have the same access or can't afford them."

It is his hope that, through innovation, businesses can develop technologies that make medical care more accessible to all. "I hope that access to good healthcare can one day be universal," he shares.

To contribute to this endeavour, Evan plans to incorporate business perspectives into his further studies. He is considering pursuing Renaissance Engineering at Nanyang Technological University or taking up a double major in Biomedical Engineering and Business Administration at the National University of Singapore.

The **Ngee Ann Polytechnic Outstanding Achievement Award** is a premier award for all-round excellence. It is presented to a select group of five to 10 top graduates from each graduating batch. The award was presented for the first time in 2010.

# ***Ngee Ann Polytechnic Outstanding Achievement Award***

## **Tang An Tong**

Diploma in Chinese Media & Communication  
School of Humanities & Interdisciplinary Studies

### **Other Awards**

IMDA Gold Medal & Prize

Diploma with Merit

Smiling Media Prize

WAWA Pictures Prize

## **A Desire to Create Meaningful Change**

“If you don’t have a dream, how are you any different from a salted fish?”

Growing up with Hong Kong and Taiwanese films, Chinese Media & Communication (CMC) graduate Tang An Tong was inspired to seek out her purpose in life by a simple yet profound line from Stephen Chow’s film, Shaolin Soccer.

While serving as Head of Publicity of Ngee Ann Polytechnic’s Boys’ Brigade Primers, An Tong’s sense of purpose was ignited by a poignant encounter during Share-a-Gift, an annual food donation drive that gifts food hampers to households in need.

“It was my first time seeing families struggle to make ends meet. Learning that the elderly folks were eating expired food really affected me,” An Tong recounts, noting how the encounter challenged her perceptions of Singapore as a prosperous society. “They were really grateful and happy when we distributed food hampers to them.”

This experience deepened An Tong’s belief that small actions can create meaningful change. Struck by how gender inequality can permeate different levels, she stepped up to raise awareness of biases inherent in Singapore society through her final-year project, WeVolution. Through surveys, online interviews, and a public engagement campaign that opened up honest conversations, An Tong and her team launched a series of exhibitions that showcased the untold stories of gender bias.

WeVolution drew over 500 attendees and 30,000 social media views. Beyond equipping her with the range of competencies and production skills needed to execute the project, An Tong credits the CMC course for inculcating in her an awareness of the role of media in campaigning for a cause.

# ***Ngee Ann Polytechnic Outstanding Achievement Award***

Still, navigating such a complex and sensitive topic came with challenges. From securing funding to addressing hidden biases in the research process, An Tong had to adapt constantly, expanding the project's scope to include biases against men, and choosing a roving exhibition format to reduce venue costs.

What keeps her going when things get hard? “Whenever I face challenges, they actually motivate me to keep going,” this tenacious young lady shares. “If something is stressing me out, instead of avoiding it, I focus on solving it.”

Desiring to make a difference, An Tong has plans to launch Buffer-fly, a social enterprise that empowers persons with disabilities through employment opportunities and advocacy.

Capitalising on her strengths in the Chinese language and communication, An Tong plans to pursue a double major in Business Administration and Chinese Studies at the National University of Singapore. She looks forward to embarking on a career that will allow her to lead cross-regional collaborations between China and Southeast Asian countries, using her skills to impact communities beyond our shores.

The **Ngee Ann Polytechnic Outstanding Achievement Award** is a premier award for all-round excellence. It is presented to a select group of five to 10 top graduates from each graduating batch. The award was presented for the first time in 2010.

## **Goh Jin En Jeremy**

Diploma in Engineering Science  
School of Engineering

### **Other Awards**

IMDA Gold Medal & Prize

Diploma with Merit

Minor in User Experience Design

SECOM (Singapore) Prize

## **Turning Ideas into Impact**

From building LEGO models as a child to solving tricky math problems, Jeremy Goh has always been fascinated by how things work. His interest in mathematics and science deepened in secondary school, when he began to see how these subjects could be applied to real-world challenges.

Drawn to the critical thinking and analytical rigour of engineering, Jeremy chose to pursue a Diploma in Engineering Science at Ngee Ann Polytechnic (NP). The course's strong theoretical foundation, paired with hands-on projects, was exactly what he was looking for.

"I've always enjoyed seeing how classroom concepts come to life," Jeremy reveals. "For example, when it comes to designing robotic applications or using LIDAR sensors to map environments, it's interesting how math and science concepts can be used to build technology that makes an impact."

Jeremy's belief in engineering as a tool for practical problem-solving shaped much of his learning journey at NP. He worked on various projects aimed at improving everyday experiences – including a smart rubbish bin that alerts cleaners when it is almost full, and an IoT-powered heating and cooling system that regulates temperature for hydroponic plants based on environmental conditions.

"Both projects showed me how what we learn in class can lead to real, tangible improvements," he says.

# ***Ngee Ann Polytechnic Outstanding Achievement Award***

For his final-year project, Jeremy stepped out of his comfort zone to develop a computer vision model for NP's autonomous campus shuttle service. With little prior experience in machine learning, he trained the system to recognise hazards like construction zones, traffic lights, and other vehicles – learning everything from scratch.

“It was tough, but also one of the most rewarding experiences. It taught me how to think critically and adapt,” he adds.

To broaden his perspective and design more user-focused products, Jeremy pursued a Minor in User Experience Design alongside his engineering modules. He wanted to complement his technical knowledge with design thinking and a people-first mindset.

“It's important for engineers to design with the user in mind,” he says emphatically. “This process – understanding user needs, defining the problem, brainstorming, prototyping, and testing – helps create more effective solutions.”

Jeremy has since applied this mindset during his internship at DSO National Laboratories, where he was part of the robotics team developing computer vision systems for unmanned ground vehicles. The stint has given him valuable hands-on experience in both machine learning and computer vision.

Outside of the classroom, Jeremy is equally passionate about giving back. He has been actively involved in initiatives that support the elderly, such as volunteering at United Medicare Centre and St Luke's Eldercare Centre, as well as delivering meals through Meals-on-Wheels.

Looking ahead, Jeremy hopes to pursue a degree in Computer Engineering at a local university, with the goal of creating technology that serves industry and the community.

The **Ngee Ann Polytechnic Outstanding Achievement Award** is a premier award for all-round excellence. It is presented to a select group of five to 10 top graduates from each graduating batch. The award was presented for the first time in 2010.

## **Trista Tan Xuan Yun**

Diploma in Hotel & Leisure Facilities Management  
School of Design & Environment

### **Other Awards**

Mapletree Gold Medal & Prize

Diploma with Merit

Singapore International Facility Management Association Prize

## **An Advocate for Sustainability and Inclusivity**

Trista Tan began her learning journey at Ngee Ann Polytechnic (NP) with an open mind. “At the age of 17, I was still quite lost about what to do in the future,” she recalls honestly. Seeking a broad-based diploma with exposure to varied sectors, she enrolled in NP’s Hotel & Leisure Facilities Management (HLFM) course through the Polytechnic Foundation Programme.

Her choice turned out to be a blessing. The course gave Trista the opportunity to explore multiple paths, including front-facing functions of the hospitality industry and back-end operations of managing a building.

“Through my classes, I became interested in infrastructure and building design,” she shares. “With its strong focus on sustainability, HLFM helped me realise how important it is to design with environmental impact in mind.”

The President of the School of Design & Environment’s Green Group Co-Curricular Activity Club also spearheaded meaningful activities that promoted sustainable habits among youths. From Thrift and Thrive – a clothes swap market – to the River Cleanup Kayaking event, Trista used these popular activities to drive greater awareness about sustainability challenges like textile waste and marine litter.

Beyond environmental sustainability, Trista also developed an interest in diversity and inclusion (D&I), thanks to her internship at Robert Bosch (SEA). At this German multinational engineering and technology company, she was given the opportunity to plan D&I events for its ethnically diverse staff community outside of her regular job scope of supporting in building design projects.

# ***Ngee Ann Polytechnic Outstanding Achievement Award***

"The D&I exposure was invaluable. I gained new perspectives from people of different backgrounds. Through this experience, I learnt to see issues from a wider angle," she reflects. "Specifically, I saw how diversity can enhance creativity and innovation in a company, resulting in better products and services."

Exploring different paths has made Trista more certain of what she wants to pursue. She has set her sights on reading Infrastructure and Project Management at the National University of Singapore.

But Trista is not afraid to make space for blue-sky dreams too: "If I could do anything, I'd run a cafe that caters to users with differing needs. It will have tables with adjustable heights and lighting with varying levels of brightness I believe these thoughtful gestures make the world a more inclusive place."

The **Ngee Ann Polytechnic Outstanding Achievement Award** is a premier award for all-round excellence. It is presented to a select group of five to 10 top graduates from each graduating batch. The award was presented for the first time in 2010.

## **Chua Peng Yu, Vieviene**

Diploma in Mass Communication  
School of Film & Media Studies

### **Other Awards**

MediaCorp Gold Medal & Prize  
Diploma with Merit  
Minor in Entrepreneurship  
Mediacorp Prize  
Mm2 Prize

## **Stepping into the Spotlight**

As the first in her family to break away from the traditional junior college route her parents knew so well, Vieviene Chua has never shied away from following her passions, even when it means stepping into the unfamiliar.

The Mass Communication graduate's decision to pursue a diploma in Ngee Ann Polytechnic (NP) was met with some uncertainty, especially as her parents were new to the polytechnic system. Nonetheless, driven by her early curiosity about the media industry, Vieviene applied through the Early Admissions Exercise (EAE) and secured a spot before her O-Levels, a decision that proved pivotal.

"Looking back, I'm grateful for the EAE opportunity. With my O-Level score, I'm not sure I could have entered this popular course through the Joint Admissions Exercise. It gave me a shot to pursue my interest in media, and this has shaped my entire journey," she reflects.

Vieviene hasn't always been the confident communicator she is today. Growing up, she was introverted, often hesitant to speak up or try new things. The turning point came in Secondary 2, when a teacher encouraged her to join the student council after recognising her leadership potential. That small nudge led to a series of defining experiences, from organising camps to hosting school events, which slowly built her confidence and revealed a growing passion for engaging with people.

# ***Ngee Ann Polytechnic Outstanding Achievement Award***

This transformation continued in NP, where she thrived in both academic and co-curricular activities. As Vice-President of the NP Ambassadors, a highly regarded student body that represents the polytechnic in external outreach, she led in organising large-scale events like the annual Open House.

“Apart from honing my project management skills, these opportunities gave me the chance to build strong friendships and meet inspiring mentors,” she enthuses.

At the School of Film & Media Studies, the hands-on learning that Vivienne experienced deepened her passion for a career in the communication field. From directing in-studio productions to brainstorming marketing campaign strategies for organisations like Converse and the National Kidney Foundation, she saw how every assignment broadened her skill set.

More recently, she completed an internship at Mediacorp’s CLASS 95, where she supported on-ground activations and secured sponsors for giveaways. One of her proudest moments was organising the station’s first-ever Halloween Party. “It was my first time executing a full-scale event for listeners and it taught me so much about the pace and precision of industry work,” she shares.

With her exceptional performance, it was no surprise when she was offered a contract position at Mediacorp after her internship. Eager to gain more professional experience, Vivienne is now working as a Programme Assistant at CLASS 95.

Looking ahead, she plans to pursue a degree in social sciences with a second major in communications. Having blossomed from a shy student into someone who confidently steps into the spotlight, Vivienne aims to carve a career in media strategy and digital marketing.

The **Ngee Ann Polytechnic Outstanding Achievement Award** is a premier award for all-round excellence. It is presented to a select group of five to 10 top graduates from each graduating batch. The award was presented for the first time in 2010.

NGEE ANN POLY

# Graduation

2025

# **School of Engineering**

Diploma in Biomedical Engineering

Diploma in Electronic & Computer Engineering

Diploma in Engineering Science

Diploma in Engineering (Electronics)

# ***Ceremonial Procession***

Guest of Honour

**Mr Peter Ho**  
Executive Chairman  
HOPE Technik Pte Ltd

Chairman and Members of the Council

Principal & CEO

Deputy Principals

Director and Senior Staff of the  
School of Engineering

# Programme

**Commencement of Ceremony**

**Opening Address**

**Masters of Ceremony**

**Director,  
School of  
Engineering**

**Graduation Video**

**Presentation of Diplomas,  
Diplomas with Merit and Prizes**

**Masters of Ceremony**

**Director,  
School of  
Engineering**

**Presentation of Gold and Silver Medals  
Presentation of Academic Awards**

**Guest of Honour  
Principal & CEO**

**Valedictorian Speech**

**Valedictorian  
Evan Chew**

**End of Ceremony**

**Masters of Ceremony**

## *Award Winners*

# ***Diploma in Biomedical Engineering***

### **EVAN CHEW**

Ngee Ann Polytechnic Outstanding Achievement Award  
(For outstanding graduates who have demonstrated all-round excellence)  
Biomedical Engineering Society (Singapore) Gold Medal & Prize (For most outstanding performance)  
Diploma with Merit  
ZOLL Medical Prize (For most outstanding academic performance)

### **EVELYN CHEW HUI XIN**

Smitech Asia Silver Medal & Prize (For second most outstanding performance)  
Diploma with Merit  
Equip Medical Prize (For 'Integrated Real-World Project 5')

### **AARON WONG CHUAN JUN**

Diploma with Merit

### **ANDRE KENNETH GALLOWAY**

Diploma with Merit

### **CHEW KUAN YU ERVIN**

Diploma with Merit

### **ELIZABETH LIM**

Diploma with Merit

### **FONG YIU, SKYE**

Diploma with Merit

### **LIEW WEI EN**

Diploma with Merit

### **LIM RUI QI TIFFANY**

Diploma with Merit

### **RAFAEL CHING KAY YANG**

Diploma with Merit

### **TRUGLIA HOANG HAI DANG**

Diploma with Merit

## Award Winners

# Diploma in Electronic & Computer Engineering

### GREGORY LEE XIANG SHENG

IMDA Gold Medal & Prize (For most outstanding performance)  
IES Award (For most outstanding academic performance)  
Diploma with Merit  
CISCO Prize (For most outstanding academic performance in the Computer Networks Option)

### NANG EI PHYU SIN

CISCO Silver Medal & Prize (For second most outstanding performance)  
Diploma with Merit  
Heidenhain Pacific Prize (For 'Embedded Robotics')  
Singapore Maritime Foundation Prize (For 'Final Year Project')

### CHEN YUPO

Diploma with Merit  
Heidenhain Pacific Prize (For 'Integrated Real-World Project 5')

### LIM XIN MIN

Diploma with Merit  
Carrier Prize (For '6-Month Internship')

### ALSTON YEO JUN YI

Diploma with Merit

### ANN LEM WEY EN

Diploma with Merit

### CHIA WEI HENG ACKERUS

Diploma with Merit

### GOH KHENG TING

Diploma with Merit

### GOH TZE KAI

Diploma with Merit

### HE DONGLIN

Diploma with Merit

### HUANG WEIXUAN, ENZO

Diploma with Merit

### KHANT WIN THU

Diploma with Merit

### LEE JIN, ISAAC

Diploma with Merit

## *Award Winners*

# ***Diploma in Electronic & Computer Engineering***

**LEE JING XUAN**

Diploma with Merit

**MOHAMMAD OMAR HASSAN**

Diploma with Merit

**NARAYAN SURESH**

Diploma with Merit

**NG JUN JIE, KENNY**

Diploma with Merit

**RYAN ANG JIE ERN**

Diploma with Merit

**SAM LEE HUEY SAMANTHA**

Diploma with Merit

**WAI PHYO OO**

CISCO Prize (For 'Scaling & Connecting Networks')

## *Award Winners*

# ***Diploma in Engineering Science***

**GOH JIN EN JEREMY**

Ngee Ann Polytechnic Outstanding Achievement Award  
(For outstanding graduates who have demonstrated all-round excellence)  
IMDA Gold Medal & Prize (For most outstanding performance)  
Diploma with Merit  
SECOM (Singapore) Prize (For the most outstanding academic performance)

**TENG WEN TING**

Terasaki Electric Silver Medal & Prize (For second most outstanding performance)  
Diploma with Merit  
Singapore Maritime Foundation Prize (For 'Integrated Real-World Project 5')

**THI HAN SOE ZAW**

Diploma with Merit  
Singapore Maritime Foundation Prize (For 'Artificial Intelligence & Machine Learning')

**KEE BING HENG**

Diploma with Merit

***ENGINEERING***

## Award Winners

# ***Diploma in Engineering Science***

**LIM WEN LE**

Diploma with Merit

**NICHOLAS TAN HAO MING**

Diploma with Merit

**CHUA TENG YANG**

SECOM (Singapore) Prize (For 'Final Year Project')

**LEE PEI LING**

Continental Automotive Singapore Prize (For 'Circuit Analysis & Design')

**TAN KAI JIE**

Omron Electronics Prize (For 'System Modelling & Control')

## Award Winners

# ***Diploma in Engineering (Electronics)***

**HOU WEI**

Diploma with Merit  
Omron Prize (For most outstanding academic performance)

**CHEN YAN**

Diploma with Merit

**GAN LIN**

Diploma with Merit

**GUAN JINXIANG**

Diploma with Merit

**MOK KOON WA**

Diploma with Merit

**YUE HONGWEI**

Diploma with Merit

Graduates

**Diploma in**

**Valedictorian  
Cordeiro Ryan Andre**

**End of Ceremony**

**Masters of Ceremony**

## *Award Winners*

# ***Diploma in Automation & Mechatronic Systems***

### **KIZHAKKECHELAVEETIL MUHAMMAD SHAFI MUHAMMED FIZAM**

Oriental Motor Gold Medal & Prize (For most outstanding performance)  
Diploma with Merit  
Artech Ultrasonic Systems Prize (For 'Integrated Real-World Project 5')  
Festo Prize (For 'Systems Modelling & Control')  
Seatrium Prize (For 'Final Year Project')  
SMC Corporation (Singapore) Prize (For 'Sensor & Drive Systems')

### **LIN ZIYANG**

Oriental Motor Silver Medal & Prize (For second most outstanding performance)  
Diploma with Merit

### **JAYDON GUI ZHI XIAN**

Diploma with Merit  
LKH-Precicon Prize (For 'Industrial Robot System & Application')

### **LOO DE EN, PIERRE**

Diploma with Merit  
Carrier Prize (For '6-Month Internship')

### **MOHAMED SAHIR BIN ANWARDEEN**

Diploma with Merit  
PSA Prize (For most outstanding academic performance)

### **DELA ROSA JOAQUINE KHYRONE SISCAR**

Diploma with Merit

### **TIU SHENG YANG**

Diploma with Merit

## *Award Winners*

# ***Diploma in Mechanical Engineering***

### **CORDEIRO RYAN ANDRE**

AEM Gold Medal & Prize (For most outstanding performance)  
IES Award (For most outstanding academic performance)  
Diploma with Merit  
Seatrium Prize (For '6-Month Internship')

### **RADIN ANDIKA B RADIN K**

The Singapore Mint Silver Medal & Prize (For second most outstanding performance)  
Diploma with Merit

## Award Winners

# ***Diploma in Mechanical Engineering***

### **WILSON FOO ZHI YANG**

Diploma with Merit  
Matco Asia Prize (For 'System Modelling & Control')  
Rotork Prize (For 'Integrated Real-World Project 5')  
The Singapore Mint Prize (For 'Applied Mechanics')

### **GOH CHRISTON REYES**

Diploma with Merit  
Akribis Prize (For 'Mechanics of Machines and Materials')

### **CHUA MING LENG**

Diploma with Merit

### **ERRINA NISCHA ROSDI**

Diploma with Merit

### **EVE NG LEE LENG**

## ***Diploma in Biomedical Science***

### **JEROME CHING YUE HENG**

Lee Kuan Yew Award (For the most outstanding graduate from a technology course)  
Ngee Ann Polytechnic Outstanding Achievement Award  
(For outstanding graduates who have demonstrated all-round excellence)  
Luft Env Technologies Gold Medal & Prize (For most outstanding performance)  
Diploma with Merit  
BioMedix Prize (For most outstanding academic performance)

### **KHAYRIYA BINTE NORHISHAM**

Pfizer Asia Manufacturing Silver Medal & Prize (For second most outstanding performance)  
Diploma with Merit

### **JOWENLIE WINARDY**

Diploma with Merit  
Singapore General Hospital Prize (For 'Integrative Module II')

### **KANG WEN JIE, DESTON**

Diploma with Merit  
Practical Mediscience Prize (For 'Genomics & Proteomics')

### **OLIVIA YEO**

Diploma with Merit  
Singlab Technologies Prize (For 'Translational Medicine & Clinical Trials')

### **CHUA WEN ZHE**

Diploma with Merit

### **HO ZI JING**

Diploma with Merit

### **JOVELLANO AL JOHANN HERNANDEZ**

Diploma with Merit

### **NIGEL ONG MIN YUAN**

Diploma with Merit

### **ODELIA HOI RUI TONG**

Diploma with Merit

### **ONG YU XIN, KAYLA**

Diploma with Merit

### **PEH KAI YUAN**

Diploma with Merit

### **SHANICE TAN RUEY SHIN**

Diploma with Merit

***LIFE SCIENCES & CHEMICAL TECHNOLOGY***

## Award Winners

# ***Diploma in Biomedical Science***

**SOON MING QIAN**

Diploma with Merit

**ASHREEFA SHAHRIN**

JN Medsys Prize (For 'Capstone Project')

**MILDRED LIM YUE MING**

Singapore General Hospital Prize (For 'Integrative Module I')

## Award Winners

# ***Diploma in Chemical & Biomolecular Engineering***

**BONG SHI QING SARAH**

Croda Singapore Gold Medal & Prize (For most outstanding performance)

Diploma with Merit

GSK Prize (For most outstanding academic performance)

Lonza Biologics Prize (For 'Current Good Manufacturing Practice')

Plant Engineering Services Prize (For 'Separation Technology')

**LIM HUIJUN**

Pfizer Asia Manufacturing Silver Medal & Prize (For second most outstanding performance)

Diploma with Merit

**HU FANG MING**

Diploma with Merit

**LIM SWEE CHOON, LUCAS**

Diploma with Merit

**TAN JING YING**

Diploma with Merit

**TAN QIAN NING**

Diploma with Merit

**TANG XINMING**

Diploma with Merit

**LAU KIT YU, PEARL**

Diploma with Merit

## *Award Winners*

# ***Diploma in Chemical & Biomolecular Engineering***

**TOH ZE HONG**

Plant Engineering Services Prize (For 'Process & Automation Laboratory')

**XUE YUJIE**

PCS Pte. Ltd. Prize (For 'Computer-Aided Process Optimization')

## *Award Winners*

# ***Diploma in Environmental & Water Technology***

**TEOH MING YU**

PUB Gold Medal & Prize (For most outstanding performance)

Diploma with Merit

Environmental Engineering Society of Singapore (EESS) Prize (For most outstanding academic performance)

**YEW JING WEN, VERNICE**

Xylem Silver Medal & Prize (For second most outstanding performance)

Diploma with Merit

**CHIOW PEI QI**

Diploma with Merit

SWA Prize (For 'Environmental Laboratory 3')

SWA Prize (For 'Industrial Wastewater & Membrane Technology')

**AU YI DE**

Diploma with Merit

Institute of Ergonomics & Hygiene Prize (For '6-month Internship')

**CHYE QING NING ALISON**

Diploma with Merit

**LEE JUN RONG**

Plant Engineering Services Prize (For 'Environmental Innovation & Research')

***LIFE SCIENCES & CHEMICAL TECHNOLOGY***

## Award Winners

# ***Diploma in Landscape Design & Horticulture***

### **AKMAL ILHAM BIN HARRY**

Lady Yuen–Peng McNeice Gold Medal & Prize (For most outstanding performance)  
Diploma with Merit  
CSK Landscape Services Prize (For '6–month Internship')  
NParks Prize (For most outstanding academic performance)  
STX Landscape Architects Prize (For 'Urban Agri–Technology')  
Universal Landscape & Construction Prize (For 'Landscape Project Management')

### **DAMIEN LOO YI HENG**

Ngee Ann Polytechnic Achievement Award (For commendable all–round achievements)  
NParks Silver Medal & Prize (For second most outstanding performance)

### **CHARMAINE KWEK YU LING**

Diploma with Merit

### **MUHAMMAD DANIAL BIN RASHID**

Diploma with Merit

### **SHANIA LEE TDZE ING**

Diploma with Merit

### **LEW YU XUAN, ETHAN**

Elmich Prize (For 'Leisure & Park Management')

### **NATALIE SUGIARTO, TANG XIN HUI**

Nature Landscapes Prize (For 'Project')

### **NEO RUI EN**

Gardens by the Bay Prize (For 'Landscape Studio 3 – Independent Projects')=

## Award Winners

# ***Diploma in Pharmaceutical Science***

### **TAN SWEE EN**

Lee Kuan Yew Award (For the most outstanding graduate from a technology course)

# ***Your Next Move @ NP***

## ***Get Ahead after Graduation***

Learning doesn't stop after graduation. NP's Continuing Education & Training Academy (CETA) is your partner in your lifelong learning journey.

### **Jumpstart your career with NP's Work–Study Programmes (WSP)**

For **fresh graduates** who are undecided about whether to move on to university or start working – why not do both?

Study and work to gain real-world experience while being paid through the WSP. Over the course of one year, learn important domain skills at NP and apply them at work with company mentorship. You can even get a \$5,000 sign-on incentive after you complete the programme if you do so within 3 years of graduation\*. Find out more here. < [SSG | SkillsFuture Work–Study Diploma](#) >

\*WSPostDip is for Singaporeans and Singapore Permanent Residents who are within three years of (i) graduation from the Polytechnics or the (ii) Operationally Ready Date for full-time National Servicemen.

### **Stay Agile, Stay Ahead with NP's Diploma, Post–Diploma and Industry–relevant Short Courses**

For **mid-career professionals** dealing with a rapidly evolving working world – Make the Move!

Pursue full qualifications – whether a diploma, advanced or specialist diploma – to help improve your employability. Get career advice from our learning and career ambassadors anytime to plan your next move.

Just need a bite-sized top-up of a particular domain skill? Take our wide-range of short courses from Generative AI to Sustainability. Don't forget to use up your \$500 SkillsFuture Credit top-up that expires this year\*! <[SSG | SkillsFuture Credit](#)>

*\*Issued for Singaporeans aged 25 and above in 2020*

# ***JOIN THE NP ALUMNI COMMUNITY***

Congratulations on your graduation from Ngee Ann Polytechnic! As you embark on this exciting new chapter, we encourage you to stay connected with your alma mater and join our proud alumni community. By visiting our alumni website at [www.np.edu.sg/connect/alumni](http://www.np.edu.sg/connect/alumni), you can stay informed about campus events, activities, and upskilling opportunities. Don't forget to update your profile and enjoy exclusive discounts on courses at our CET Academy ([www.cet.np.edu.sg](http://www.cet.np.edu.sg)).

We take immense pride in our alumni and look forward to seeing you back on campus often. As a graduate, you have the privilege of accessing the Lien Ying Chow Library by registering for an alumni membership at <https://www.np.edu.sg/library/about/membership>.

Stay engaged, stay connected, and continue to be a part of the Ngee Ann Polytechnic legacy!
