

# HEALTHY JOB PROSPECTS FOR POLYTECHNIC GRADUATES AS SINGAPORE TRANSITIONS TO LIVING WITH COVID-19

#### 9 IN 10 EMPLOYED WITHIN 6 MONTHS POST-GRADUATION

Singapore, 13 January 2023 – The 2022 Polytechnic Graduate Employment Survey (GES)<sup>1</sup> found that 91.8% of polytechnic graduates in the labour force found jobs within six months of graduation or after completion of full-time National Service, comparable to the 92.2% in 2021 (see **Table 1**). The median gross monthly salary of graduates in full-time permanent employment increased from \$2,500 in 2021 to \$2,600 in 2022.

Among the 7,085 polytechnic graduate survey respondents in the labour force, 59% were in full-time permanent employment, while 26.9% were in part-time/temporary employment. Another 2.2% had either accepted a job offer or were actively starting a business venture. Similar to previous years, about half the polytechnic graduates in part-time/temporary employment were concurrently pursuing or preparing to begin further studies.

#### **Fresh Graduates**

8,406 out of 11,253 fresh graduates in 2022 responded to the survey. As at 1 Oct 2022, around six months after graduation, 57.9% of the respondents were in the labour force. 41.3% were pursuing or preparing to begin further studies and hence not looking for jobs. Most of the remaining 0.8% said they were taking a break and not seeking employment.

## **Post-National Service Graduates**

5 5,296 out of 8,768 graduates from 2019 who completed their full-time National Service (NS) between 1 Apr 2021 and 31 Mar 2022 responded to the survey. 41.9% of respondents were in the labour force. 57.8% were pursuing or preparing to begin further studies and hence not looking for jobs. Similar to the fresh graduates, most of the remaining 0.3% said that they were taking a break and not seeking employment.

# **Support from the Polytechnics**

- The polytechnics support their graduates through career fairs and by offering career guidance and support, including job matching and personalised career coaching and planning. The polytechnics also tap on their network of industry partners to curate suitable job placement and apprenticeship opportunities for graduates, such as the SkillsFuture Work-Study Programmes.
- Commenting on behalf of the Polytechnic GES Committee on the outcomes of the 2022 Polytechnic GES, Ms Jeanne Liew, Principal & CEO, Nanyang Polytechnic said, "Our polytechnic graduates continue to play a key role to augment Singapore's manpower demands. The healthy employment rate and increase in median salary for both the fresh and post-National Service graduates reflect employers' trust that our graduates are equipped with the necessary skills and competencies to excel in the workplace."

#### **DEFINITION OF EMPLOYMENT INDICATORS**

**Employment** refers to graduates working in full-time permanent, part-time, temporary employment and freelancing. The employment rate is the number of employed graduates, as a proportion of graduates in the labour force (i.e. those who were working or not working but actively looking and available for work).

**Full-time Permanent Employment** refers to employment of at least 35 hours a week and where the employment is not temporary. It includes those on contracts of one year or more.

**Freelancing** refers to those who operate their own business without employing any paid worker in the conduct of their business or trade.

**Part-time Employment** refers to employment of less than 35 hours a week.

**Temporary Employment** refers to casual, interim or seasonal employment, including those on contracts of less than one year.

**Involuntary part-time/temporary employment** refers to those who indicated that they were in part-time/temporary employment as they had tried but were unable to obtain a full-time permanent job offer so far.

**Voluntary part-time/temporary employment** refers to those who indicated that they were in part-time/temporary employment as they were pursuing/ preparing to commence further studies, taking active steps to start a business venture, due to personal choice and other reasons.

**Gross Monthly Salary** comprises basic salary, fixed allowances, over-time pay, commissions and other regular cash payments, before deduction of the employee's CPF contributions and personal income tax. Employer's CPF contributions, bonuses, stock options, other lump sum payments and payments-in-kind are excluded.
