NP Incubator Events and Activities on April 2020

Principal's Dialogue with NP Startups

Following the distribution of personalised NP Care Packs to the Co-founders, on 7 April 2020, NP Incubator hosted a video conference session with Principal to discuss on the impact of COVID-19 on startups' business.

The startups were delighted with measures introduced by the Solidarity Budget. Apart from discussing about the packages, the startups also shared their financing experience in taking up loans to ease their cash flow.

They enjoyed the virtual meetup with Principal and appreciated his encouraging words especially in the midst of this unprecedented times.

Online Fireside Chat with Entrepreneur-In-Residence (EIR)

On 23 April 2020, NP Incubator conducted our inaugural webinar on “Building Resilience & Hustling Through the COVID-19 Crisis”. We had more than 11 startup co-founders from at least 8 startups attending the session. During the 1 hour session, EIRs Desmond Lee, Darran Nathan and Stanley Chia shared knowledge and experience close to their hearts for the startups. The topics ranged from the big idea, cash flow to marketing and leveraging on this crisis to Stress Management (providing steps to deal with difficulties).

Ms Tan Ching Ching, Director of The Sandbox, commended the significance of making full use of the situation and trying out on new areas during this trying times.

Compliments received from the startup co-founders:

“A thumb up to the constant engagement and community support that we have with one another and across different startups.”

“The most useful part of the webinar was the sharing of actionable bite-sized tips by the speakers - super practical and I love how they shared based on their own experiences with visual examples!”
