

What's Happening @ NP Incubator?

NP Incubator Events and Activities on December 2020

Singapore Week of Innovation and TeCHnology (SWITCH) 2020

Official Open

NP Incubator has been showcasing our services alongside at least 3 or 4 NP startups at SWITCH consecutively for the past four years. Despite the pandemic, four startups, [Kalpha](#), [Position Five](#), [Radx](#) and [Proa](#) joined us to be part of the online exhibition. Participating in such events brings more exposure and increased business network for the startups.

Wrapping up the week-long event at SWITCH 2020, NP Incubator Team would like to express our heartfelt thanks to all our panelists for their insightful sharing of their entrepreneurship journey and for being so awesome!

Thank you to those that had attended our Virtual Fireside Chat with the poly co-founders on 7 Dec 2021 live streamed through NP Digital Building, SWITCH. We trusted it had inspired you to chase your entrepreneurial dreams, learning from the founders themselves.

Last but not least, a big shout out to all our booth owners and our colleagues who have worked hard and come together to make Ngee Ann Polytechnic Digital Building possible.

Launch of AGILE, a new Incubator on Campus

On 11 December 2020, Ngee Ann Polytechnic, together with United Overseas Bank (UOB), launched a campus incubator to nurture start-ups, drive student entrepreneurship and encourage ecosystem partnerships. The new space named [AGILE](#), stands for Accelerating Growth in Innovation, Learning, and Entrepreneurship. The 10,000 sq ft space serves three main functions, to provide a space to encourage collaboration, to serve as an incubator to house startups and to provide a venue for programmes such as financial literacy workshops, talks with experts in innovation, entrepreneurship and career guidance, as well as hackathons and competitions.

With series of curated programmes, powered by cutting edge technology, AGILE aims to foster collaboration in an organic way within a nexus of students, startups and industry.

It currently houses 10 digital and technology [start-ups](#), providing them access to resources such as work spaces, mentoring and training.

We would like to extend our most heartfelt thanks to Ngee Ann Polytechnic's Principal, Mr Clarence Ti, Minister Ong Ye Kung and Ms Janet Young, Head of Group Channels and Digitalisation from UOB to take time off their busy schedule to officially launch the space and for taking time to speak to the startups.

About NP Incubator

NP Incubator has been playing the strategic role of supporting our alumni startup founders as they took their first steps before becoming global-savvy entrepreneurs. Since the NP Incubator's inception in 2013, it has supported over 30 startups, founded by NP alumni, which have collectively generated over \$15m in business and raised over \$7m of funds.

If you know any budding alumni entrepreneurs who would like to know how the NP Incubator could help to support your startup business, do reach out to the Incubator Team through the QR code or link below:

Thank you

Kind regards,

NP Incubator Team
