

What's Happening @ NP Incubator?

NP Incubator Events and Activities on November 2020

Virtual Business Networking Session (Temasek Launchpad & The Sandbox)

Organized by:

On 18 November 2020, NP Incubator had a virtual networking session between The Sandbox of Ngee Ann Polytechnic and Temasek Launchpad of Temasek Polytechnic. The networking event brought together 39 co-founders and key employees from 28 startups incubating at Temasek Launchpad and NP Incubator from different industries for an exchange of ideas and building relationship.

Both Directors from the Polytechnics commented that in times of COVID-19 Pandemic, having such a virtual community session would help startups co-founders to share and support each other in the common challenges they are facing.

The session began with every startups doing a 1-minute quick sharing of themselves, their business, how the pandemic has affected them and for those that are doing better, how they have bounced back. To deepen the engagement, 4 break-out rooms were created with relevant topics such as Marketing, IT Development, UI/UX, Event Management and Business Growth.

The startup co-founders then mingled around virtually by joining the break-out rooms of their desired topics and shared their experience and expertise. The networking session ended with startup co-founders exchanging their contacts for follow up and collaboration.

About NP Incubator

NP Incubator has been playing the strategic role of supporting our alumni startup founders as they took their first steps before becoming global-savvy entrepreneurs. Since the NP Incubator's inception in 2013, it has supported over 30 startups, founded by NP alumni, which have collectively generated over \$15m in business and raised over \$8m of funds.

If you know any budding alumni entrepreneurs who would like to know how the NP Incubator could help to support your startup business, do reach out to the Incubator Team through the QR code or link below:
