

TOUR IN THE DARK

We live in a world drowned in visual stimulation, yet we often take the gift of sight for granted. Join us on an extraordinary journey of diversity and self-discovery, and learn to see where you least expect it.

The Dialogue in the Dark Singapore Tour is a unique experience conducted in complete darkness. Assisted by vision-impaired guides, visitors experience everyday situations without their sight, and learn to 'see' in a completely new way with their other senses. In doing so, they also get to dialogue with their blind guide and gain deeper insights into the challenges of living without sight.
